

```
1  #include<stdio.h>
2  int main()
3  {
4      int num,p;
5      printf("enter the digit:");
6      scanf("%d", &num);
7      p=num%10;
8      printf("%d is the unit digit",p);
9      return 0;
10 }
11
```
